FORESEES COMING UTOPIA

Socialist Stirs Class Feeling in Big Audience at Auditorium.

Like the immortal Patrick Henry and his compatriots, who were in the minority, will the Socialists, to-day verpowered by the majority, come into their own; they will suppress the capitalists, revolutionize the organized religion, do away with the disease of poverty and come into Utopia. This was the rosy word-picture painted last night by Eugene V. Debs, thrice presidenwal candidate on the Socialist ticket, who spoke in the City Auditorium to the largest Socialist meeting ever held in Richmond. More than 1.200 men and a few women heard him, and heralded him as the Sage of Milwaukee-the only city in the United States, according to the orator, free

Supreme Court Will Review South Richmond Case.

The Supreme Court of Appeals of Virginia vesterday granted a writ of error on the petition of the Southern Failway Company from a judgment of the Corporation Court of South Richmond awarding \$6,000 to J. T. Childrey for personal injuries Childrey was employed as a brakeman by the railway company. On February 4, 1999, he was at work at the Coast Line siding near Belle isle. He spilled a brake on a box car, and, it is claimed, was thrown from the car when the brake suddenly reversed.

Childrey was run over, suffering the loss of one arm and other injuries. He charged that the brake was defective, and that his injury resulted from that defect. Attorneys for the railway company assert that it was a matter of practical impossibility for him to have been injured as described.
